We believe that an ink supplier offers  
two inseparable products.  
Technology AND service.

We believe the ink business is a SERVICE business.  
Therefore, all our sales and field service personnel come  
from the press room and/or the ink lab. When we call  
on a customer we are prepared to support you with  
hands on consultation for all aspects of getting our ink to  
yield the graphic image that your customer wants to see.

You don't get a "suit" -- you get a TECHNICAL  
SALESMAN and/or TECHNICAL SERVICEMAN.

**S A M E   C O N S I S T E N C Y**

standard equipment, dispenser technology, and  
expected value, Fluid Ink Technology supplies the same  
consistent product every time.

The ink business is all about consistency—day in and  
day out—repeated excellence. Our raw materials are  
pre-shipment-tested and purchased according to  
established specifications. Through the use of Fluid  
Ink's exacting system of supplier rating and monitoring,  
we adhere to the strictest consistency standards. Our  
innovative Computer-Controlled Color program allows  
production personnel to effectively administer maximum  
control over every variable in the process. The result is  
a reliable and exacting sameness. Our goal—if the color  
is different on press – check the press not the ink.

# Fluid Ink

We recommend dispensing units  
tailored to your volumetric  
or gravimetric needs.

At Fluid Ink, we are dedicated to progress—yours.

When you have an unusual need, we'll work with total  
Commitment to provide the right solution. Solutions begin  
With technical mastery. Some of this industry's finest  
Technical minds do their best thinking at Fluid Ink  
Technology. We've invested in the latest instrumentation  
For testing, quality control and specialized formulation.  
Within this environment, our creative technical team  
responds well to your printing problems from an overall  
flexographic and rotogravure point of view. We consider  
all the possibilities not just the ink. We'll stand side-by-side  
with you until the precise solutions are found in the lab  
or on your press.

We're very practical at Fluid Ink; we control product quality by  
controlling the process that supports it. We are dedicated to  
consistent properties in our manufactured products utilizing  
raw materials sourced from around the world. Bi-coastal  
30,000 sq. ft. manufacturing plants with automated  
equipment and bulk delivery of raw materials via railroad  
tanker car allow us to pass economics on to our customers  
and maintain very competitive pricing. Press room audits, COA  
lab reports, dispensing equipment, inventory management,  
24-hour on-call support and J.I.T. overnight or 48-hour  
deliveries are all considered normal for our valued Fluid Ink  
Technology customers.

## FLUID INK TECHNOLOGY'S MAJOR INK SYSTEMS

### WIDE WEB

#### Water Based Surface Film:

Film / Densiflex DF  
 High Gloss / Polychip PC 3  
 pH Stable / Polychip PC 4  
 LDPE & HDPE / Polytech PT  
 HDPE / Polytech PT-HD  
 pH Stable HDPE / Polytech PT-PH  
 LDPE Self Crosslinking / Ultrapoly UP  
 Metalized Polyester / Coffeetech CP

#### Water Based Lamination Film:

Film / Densiflex DFL  
 Polyester / Densiflex DFL 3

#### Solvent Based Surface Film:

Polyolefin / High Strength / Medium H.R. / Proshine PS  
 Polyolefin / Medium H.R. / Thermalflex TH  
 High Heat Resistance / Pyrotech PY 2  
 Process High Heat Resistance / PyroPro  
 High Gloss / Doctor Blades / Starflex ST  
 High Gloss / Two Roll / Starflex ST 2  
 High Gloss Process / High Strength / Starflex ST 3  
 Heavy Duty / Outdoor Conditions / Starflex ST-HD  
 Heavy Duty / Ultra Fade Resistance Weather Proof / Nature Proof  
 Shrink Sleeve Films / Shrinkable F (flexo) G (gravure)  
 Compostable Film / Compostable Packaging / Bioflex  
 Vinyl & PVC Shrink Film / Capseal CAP

#### Solvent Based Lamination Film:

Flexo Unibond U  
 Flexo High Performance / Bondwiser BW  
 Gravure / Corelam CL

### NARROW WEB

#### Water Based:

Paper / Film / Foil / Aquaprime AP  
 Paper w/ OPV or Lam / pH Stable / Aquaprime 2 AP2  
 Exotic Films / Versafilm VF  
 Thermal / Direct & Transfer / Dynatech DT  
 Metallics / Aluminum / Mastertech MT  
 Metallics / Bronze / Super Bright Mastertech MT-S  
 Fluorescent / Powerglow PG 3

#### UV Energy Curable:

Lightflex LF  
 Coatings & Adhesives

### ENVELOPE

#### Water Based:

Non Curl / Speedflex SIN  
 In Line / Speedflex SI

### PAPER

#### Water Based:

Paper, Gift Wrap & Tissue / Econotech ET  
 Coated Paper / High Gloss / Futuretech FT  
 Towel & Tissue / Utilflex UF  
 Brown Kraft / Fibercolor FB  
 Display White Kraft / Colortech CT

### FOLDING CARTON

#### Water Based:

Flexo / Econotech ET  
 Flexo / Aquaprime AP  
 Gravure / Rototech RT

#### Solvent Based:

Flexo / FlexoCore FC  
 Gravure / RotoCore RC

### SPECIALTY FORMULAS

#### Water, Solvent & UV:

Gravure Varnishes & Non Skids / Rotokote RK  
 Flexo Varnishes, Non Skids, Grease Resistant OPVs / Protech PR

#### Water & Solvent:

Autograde Pigments / Dispersions / Colorants  
 Poly Mail Pouches / Glueable / Mail Pouch MP
